

Technical Data Sheet

contact@mc-chemie.com

Product	ASC plus®
Product Description	<ul style="list-style-type: none"> • ASC plus® is an arylsulfonamido carboxylic acid • Amorphous, white solid (approx. 75% active ingredient / 25% water)
Packaging Size	<ul style="list-style-type: none"> • 25 kg net bags on pallets at 875 kg • 500 kg net big bags
Shelf Life	2 years
Use and Application	<ul style="list-style-type: none"> • Corrosion inhibitor for water based lubricants and functional fluids • Metal working fluids (semi-synthetic and synthetic) • Wire drawing • Biodegradable water based hydraulic fluids • Off shore / high pressure applications • To be formulated with alkanolamines
Typical Treat Level	<ul style="list-style-type: none"> • 0.2 - 2.5%
Benefits	<ul style="list-style-type: none"> • Ashfree corrosion inhibitor for multimetal systems • Excellent compatibility with other corrosion inhibitors • Low water hazard
REACH Status	<ul style="list-style-type: none"> • Registration number: 01-2119976370-35-XXXX • The full registration number can be provided upon request
